

Cal Cup 2010

The California Cup League is an elite league offering high level game competition to interested clubs. [The league is designed to increase the level of competition by competing against the best programs in California.](#) This league spans over the five California Zones of USA Water Polo and will allow for at large teams to compete if possible. See the Cal Cup website at www.cacup.com for more information.

2010 California Cup Club League – Northern California Division

The goal of the Northern California Division of the California Cup is to provide meaningful competition for water polo clubs that *leads* to additional competitive opportunities. The 2010 inaugural version of the California Cup, Northern Division, is designed to provide quality games for all participating clubs while not imposing an overly burdensome schedule of games. **Apart from playing in an organized, high quality league, clubs will also be playing for an opportunity to compete against the top Southern California clubs and directly qualifying for the US Club Championships in July.** In short, the purpose of this league is to provide clubs with games that *matter*.

Lamorinda Water Polo Club Cal Cup- Spring 2010

Lamorinda will offer all members the opportunity to participate in Cal Cup competition. Depending on availability and sign ups, we will enter as many teams as possible in the various Cal Cup tournaments listed below. Team assignment is based on your age on August 31, 2010.

For the 10th and 12th Gr & Un groups, there will be a Cal Cup fee charged to cover pool costs, entry fees, and coaching expenses. All other age groups that are in season will not have an additional fee.
